2009 PS101 MEDIA CENTER 2010

Welcome to the *PS101 Media Center!*

During the month of *February* students in grades 4-6 will complete a Black History Month / President's Week project using Microsoft Publisher. Students in grade 2 will continue to work on Microsoft Word and edit a piece from their writer's notebook.

DID YOU KNOW?

In 1953, the first high-speed printer was developed by Remington-Rand for use on the Univac computer.

In 1938, Chester Carlson invented a dry printing process called electrophotography commonly called a Xerox, the foundation technology for laser printers to come.
